♣ The issuer of the security is an affiliated person of the Fund as defined in the Investment Company Act of 1940.

∞ The rate represents the 7-day annualized yield at period end.

* A portion of the holding represents an investment held in Alt Risk Premia Special Investments (Cayman) Ltd., the consolidated entity.

☼ Zero coupon security. The rate represents the current yield to maturity.

All or a portion of this security is segregated as collateral for investments in derivative instruments.

Investments in affiliates

An affiliated investment is an investment in which the Fund owns at least 5% of the outstanding voting shares of the issuer or as a result of other relationships, such as the Fund and the issuer having the same investment manager. Transactions with issuers that were affiliates of the Fund at the end of the period were as follows:

	VALUE, BEGINNING OF PERIOD	SALES PROCEEDS	NET REALIZED GAINS (LOSSES)	NET CHANGE IN UNREALIZED GAINS (LOSSES)	VALUE, END OF PERIOD	SHARES, END OF PERIOD	INCOME FROM AFFILIATED SECURITIES
Short-term investments

OTC swap contracts

REFERENCE ASSET/INDEX	COUNTERPARTY	PAYMENT FREQUENCY	MATURITY DATE	NOTIONAL AMOUNT	VALUE	UNREALIZED GAINS	UNREALIZED LOSSES
Synthetic total return swap†	Goldman Sachs International	Monthly	6-14-2029	\$952,900	\$1,366,944	\$414,044	\$0

† The Fund receives or pays the total return on a portfolio of long and short equity positions and pays the return on a specified benchmark (the 1D USD-SOFR), plus or minus a spread in a typical range of 20-75 basis points (bps; 100 bps equal 1.00%), settled on a net basis. The spread is determined based upon the country and/or currency of the individual underlying positions. Certain short positions may be subject to higher market rates. No upfront payments are paid or received.

The following table represents components of the synthetic total return swap basket as of the end of the period which are in excess of 1% of the notional value of the synthetic total return swap basket.

Notes to consolidated financial statements

1. ORGANIZATION

Allspring Funds Trust (the “Trust”), a Delaware statutory trust organized on March 10, 1999, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). As an investment company, the Trust follows the accounting and reporting guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, *Financial Services – Investment Companies*. These consolidated financial statements report on the Allspring Alternative Risk Premia Fund (the “Fund”) which is a diversified series of the Trust.

2. INVESTMENT IN SUBSIDIARY

The Fund invests in direct or indirect investments in various derivatives, including commodity-linked derivatives, through Alt Risk Premia Special Investments (Cayman) Ltd. (the “Subsidiary”), a wholly owned subsidiary incorporated on October 2, 2018 under the laws of the Cayman Islands as an exempted segregated portfolio company with limited liability. As of June 30, 2024, the Subsidiary had \$14,225,227 of investments in affiliates and cash at broker segregated for futures contracts representing 98.04% of its net assets. As of June 30, 2024, the Fund held \$14,509,859 in the Subsidiary, representing 14.22% of the Fund’s net assets prior to consolidation.

The consolidated financial statements of the Fund include the financial results of the Subsidiary. The Consolidated Portfolio of Investments includes positions of the Fund and the Subsidiary and the consolidated financial statements include the accounts of the Fund and the Subsidiary. Accordingly, all interfund balances and transactions between the Fund and the Subsidiary have been eliminated in consolidation.

3. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the consolidated financial statements of the Fund, are in conformity with U.S. generally accepted accounting principles (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Securities valuation

All investments are valued each business day as of the close of regular trading on the New York Stock Exchange (generally 4 p.m. Eastern Time), although the Fund may deviate from this calculation time under unusual or unexpected circumstances.

Debt securities are valued at the evaluated bid price provided by an independent pricing service (e.g., taking into account various factors, including yields, maturities, or credit ratings) or, if a reliable price is not available, the quoted bid price from an independent broker-dealer.

Forward foreign currency contracts are recorded at the forward rate provided by an independent foreign currency pricing source at a time each business day specified by the Valuation Committee at Allspring Funds Management, LLC (“Allspring Funds Management”).

Futures contracts that are listed on a foreign or domestic exchange or market are valued at the official closing price or, if none, the last sales price.

Swap contracts are valued at the evaluated price provided by an independent pricing service or, if a reliable price is not available, the quoted bid price from an independent broker-dealer.

Investments in registered open-end investment companies (other than those listed on a foreign or domestic exchange or market) are valued at net asset value.

Investments which are not valued using the methods discussed above are valued at their fair value, as determined in good faith by Allspring Funds Management, which was named the valuation designee by the Board of Trustees. As the valuation designee, Allspring Funds Management is responsible for day-to-day valuation activities for the Allspring Funds. In connection with these responsibilities, Allspring Funds Management has established a Valuation Committee and has delegated to it the authority to take any actions regarding the valuation of portfolio securities that the Valuation Committee deems necessary or appropriate, including determining the fair value of portfolio securities. On a quarterly basis, the Board of Trustees receives reports of valuation actions taken by the Valuation Committee. On at least an annual basis, the Board of Trustees receives an assessment of the adequacy and effectiveness of Allspring Funds Management’s process for determining the fair value of the portfolio of investments.

Foreign currency translation

The accounting records of the Fund are maintained in U.S. dollars. The values of other assets and liabilities denominated in foreign currencies are translated into U.S. dollars at rates provided by an independent foreign currency pricing source at a time each business day specified by the Valuation Committee. Purchases and sales of securities, and income and expenses are converted at the rate of exchange on the respective dates of such transactions. Net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest and foreign withholding taxes recorded and the U.S. dollar equivalent of the amounts actually paid or received. Net unrealized foreign exchange gains and losses arise from changes in the fair value of assets and liabilities other than investments in securities resulting from changes in exchange rates. The changes in net assets arising from changes in exchange rates of securities and the changes in net assets resulting from changes in market prices of securities are not separately presented. Such changes are included in net realized and unrealized gains or losses from investments.

Forward foreign currency contracts

A forward foreign currency contract is an agreement between two parties to purchase or sell a specific currency for an agreed-upon price at a future date. The Fund enters into forward foreign currency contracts to facilitate transactions in foreign-denominated securities and to attempt to minimize the risk to the Fund from adverse changes in the relationship between currencies. Forward foreign currency contracts are recorded at the forward rate and marked-to-market daily. When the contracts are closed, realized gains and losses arising from such transactions are recorded as realized gains or losses on forward foreign currency contracts. The Fund is subject to foreign currency risk and may be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts or if the value of the foreign currency changes unfavorably. The Fund's maximum risk of loss from counterparty credit risk is the unrealized gains on the contracts. This risk may be mitigated if there is a master netting arrangement between the Fund and the counterparty.

Futures contracts

Futures contracts are agreements between the Fund and the Subsidiary and a counterparty to buy or sell a specific amount of a commodity, financial instrument or currency at a specified price and on a specified date. The Fund and the Subsidiary may buy and sell futures contracts in order to gain exposure to, or protect against, changes in interest rates, security values and commodity prices and is subject to interest rate risk, equity price risk and commodity price risk. The primary risks associated with the use of futures contracts are the imperfect correlation between changes in market values of securities held by the Fund and the Subsidiary and the prices of futures contracts, and the possibility of an illiquid market. Futures contracts are generally entered into on a regulated futures exchange and cleared through a clearinghouse associated with the exchange. With futures contracts, there is minimal counterparty risk to the Fund and the Subsidiary since futures contracts are exchange-traded and the exchange's clearinghouse, as the counterparty to all exchange-traded futures, guarantees the futures contracts against default.

Upon entering into a futures contract, the Fund and the Subsidiary are required to deposit either cash or securities (initial margin) with the broker in an amount equal to a certain percentage of the contract value. Subsequent payments (variation margin) are paid to or received from the broker each day equal to the daily changes in the contract value. Such payments are recorded as unrealized gains or losses and, if any, shown as variation margin receivable (payable) in the Consolidated Statement of Assets and Liabilities. Should the Fund and the Subsidiary fail to make requested variation margin payments, the broker can gain access to the initial margin to satisfy the Fund's and the Subsidiary's payment obligations. When the contracts are closed, a realized gain or loss is recorded in the Consolidated Statement of Operations.

Swap contracts

Swap contracts are agreements between the Fund and a counterparty to exchange a series of cash flows over a specified period. Swap agreements are privately negotiated contracts between the Fund that are entered into as bilateral contracts in the over-the-counter ("OTC") market ("OTC swaps") or centrally cleared with a central clearinghouse.

The Fund entered into OTC swaps. For OTC swaps, any upfront premiums paid and any upfront fees received are amortized over the term of the contract. The daily fluctuations in market value are recorded as unrealized gains or losses on OTC swaps in the Consolidated Statement of Assets and Liabilities. Payments received or paid are recorded in the Consolidated Statement of Operations as realized gains or losses, respectively. When an OTC swap is terminated, a realized gain or loss is recorded in the Consolidated Statement of Operations equal to the difference between the proceeds from (or cost of) the closing transaction and the Fund's basis in the contract, if any. Generally, the basis of the contract is the premium received or paid.

Total return basket swaps

The Fund may enter into total return basket swap contracts to obtain exposure to a custom basket of long and short securities without owning such securities. The Fund has the ability to trade in and out of the long and short positions within the swap and receives the economic benefits and risks equivalent to direct investments in these positions. Under the terms of the contract, the Fund and the counterparty exchange periodic payments based on the total return of reference assets within a basket for a specified interest rate. Benefits and risks include capital appreciation (depreciation), corporate actions and dividends received and paid, all of which are reflected in the swap's market value. The market value also includes interest charges and credits ("financing fees") related to the notional values of the long and short positions and cash balances within the swap. To the extent the total return of the reference assets exceeds or falls short of the offsetting interest rate obligation, the Fund will receive a payment from, or make a payment to, the counterparty. Positions within the swap are reset periodically. During a reset, any unrealized appreciation (depreciation) on positions and accrued financing fees become available for cash settlement between the Fund and the counterparty. The amounts that are available for cash settlement are recorded as realized gains or losses on swap contracts in the Consolidated Statement of Operations. Cash settlement in and out of the swap may occur at a reset date or any other date, at the discretion of the Fund and the counterparty, over the life of the agreement. Certain swaps have no stated expiration and can be terminated by either party at any time.

The Fund is exposed to risks if the counterparty defaults on its obligation to perform, or if there are unfavorable changes in the fluctuation of interest rates or in the price of the reference securities in the basket. In addition to counterparty credit risk, the Fund is subject to liquidity risk if there is no market for the contracts and is exposed to the market risk associated with the reference securities in the basket.

Security transactions and income recognition

Securities transactions are recorded on a trade date basis. Realized gains or losses are recorded on the basis of identified cost.

Interest income is accrued daily and bond discounts are accreted and premiums are amortized daily. To the extent debt obligations are placed on non-accrual status, any related interest income may be reduced by writing off interest receivables when the collection of all or a portion of interest has been determined to be doubtful based on consistently applied procedures and the fair value has decreased. If the issuer subsequently resumes interest payments or when the collectability of interest is reasonably assured, the debt obligation is removed from non-accrual status.

Interest earned on cash balances held at the custodian is recorded as interest income.

Distributions to shareholders

Distributions to shareholders from net investment income and any net realized gains are recorded on the ex-dividend date and paid at least annually. Such distributions are determined in accordance with income tax regulations and may differ from U.S. GAAP. Dividend sources are estimated at the time of declaration. The tax character of distributions is determined as of the Fund's fiscal year end. Therefore, a portion of the Fund's distributions made prior to the Fund's fiscal year end may be categorized as a tax return of capital at year end.

Federal and other taxes

The Fund intends to continue to qualify as a regulated investment company by distributing substantially all of its investment company taxable income and any net realized capital gains (after reduction for capital loss carryforwards) sufficient to relieve it from all, or substantially all, federal income taxes. Accordingly, no provision for federal income taxes was required.

The Subsidiary is classified as a controlled foreign corporation under Subchapter N of the Internal Revenue Code. Therefore, the Fund is required to increase its taxable income by its share of the Subsidiary's income. Net investment losses of the Subsidiary cannot be deducted by the Fund in the current period nor carried forward to offset taxable income in future periods.

The Fund's income and federal excise tax returns and all financial records supporting those returns for the prior three fiscal years are subject to examination by the federal and Delaware revenue authorities. Management has analyzed the Fund's tax positions taken on federal, state, and foreign tax returns, as applicable, for all open tax years and does not believe that there are any uncertain tax positions that require recognition of a tax liability.

As of June 30, 2024, the aggregate cost of all investments for federal income tax purposes was \$111,538,185 and the unrealized gains (losses) consisted of:

Gross unrealized gains	\$ 539,261
Gross unrealized losses	(681,687)
Net unrealized losses	\$ (142,426)

As of June 30, 2024, the Fund had capital loss carryforwards which consist of \$1,284,944 in short-term capital losses and \$1,174,956 in long-term capital losses.

Class allocations

The separate classes of shares offered by the Fund differ principally in administration fees. Class specific expenses are charged directly to that share class. Investment income, common fund-level expenses, and realized and unrealized gains (losses) on investments are allocated daily to each class of shares based on the relative proportion of net assets of each class.

4. FAIR VALUATION MEASUREMENTS

Fair value measurements of investments are determined within a framework that has established a fair value hierarchy based upon the various data inputs utilized in determining the value of the Fund's investments. The three-level hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Fund's investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The inputs are summarized into three broad levels as follows:

- Level 1—quoted prices in active markets for identical securities
- Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)
- Level 3—significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing investments in securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used in valuing the Fund's assets and liabilities as of June 30, 2024:

	QUOTED PRICES (LEVEL 1)	OTHER SIGNIFICANT OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)	TOTAL
Assets				
Investments in:				
Short-term investments				
<i>Investment companies</i>	\$ 24,689,828	\$ 0	\$0	\$ 24,689,828
<i>U.S. Treasury securities</i>	84,418,981	0	0	84,418,981
	109,108,809	0	0	109,108,809
Forward foreign currency contracts	0	867,184	0	867,184
Futures contracts	2,220,021	0	0	2,220,021
Swap contracts	0	414,044	0	414,044
Total assets	\$111,328,830	\$1,281,228	\$0	\$112,610,058
Liabilities				
Forward foreign currency contracts	\$ 0	\$ 391,895	\$0	\$ 391,895
Futures contracts	822,404	0	0	822,404
Total liabilities	\$ 822,404	\$ 391,895	\$0	\$ 1,214,299

Futures contracts, forward foreign currency contracts and swap contracts are reported at their cumulative unrealized gains (losses) at measurement date as reported in the tables following the Consolidated Portfolio of Investments. For futures contracts, the current day's variation margin is reported on the Consolidated Statement of Assets and Liabilities. All other assets and liabilities are reported at their market value at measurement date.

Additional sector, industry or geographic detail, if any, is included in the Consolidated Portfolio of Investments.

At June 30, 2024, the Fund did not have any transfers into/out of Level 3.

5. TRANSACTIONS WITH AFFILIATES

Management fee

Allspring Funds Management, a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P., is the manager of the Fund and provides advisory and fund-level administrative services under an investment management agreement. Under the investment management agreement, Allspring Funds Management is responsible for, among other services, implementing the investment objectives and strategies of the Fund, supervising the subadviser and providing fund-level administrative services in connection with the Fund's operations. As compensation for its services under the investment management agreement, Allspring Funds Management is entitled to receive a management fee at the following annual rate based on the Fund's average daily net assets:

AVERAGE DAILY NET ASSETS	MANAGEMENT FEE
First \$500 million	0.600%
Next \$500 million	0.575
Next \$2 billion	0.550
Next \$2 billion	0.525
Next \$5 billion	0.490
Over \$10 billion	0.480

For the year ended June 30, 2024, the management fee was equivalent to an annual rate of 0.60% of the Fund's average daily net assets.

The Subsidiary has entered into a separate advisory contract with Allspring Funds Management to manage the investment and reinvestment of its assets in conformity with its investment objectives and restrictions. Under this agreement, the Subsidiary does not pay Allspring Funds Management a fee for its services.

Allspring Funds Management has retained the services of certain subadvisers to provide daily portfolio management to the Fund. The fee for subadvisory services is borne by Allspring Funds Management. Allspring Global Investments, LLC ("Allspring Investments") and Allspring Global Investments (UK) Limited ("Allspring UK"), each an affiliate of Allspring Funds Management and a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, serves as subadvisers to the Fund. Allspring Investments receives a subadvisory fee at an annual rate starting at 0.20% and declining to 0.10% as the average daily net assets of the Fund increase. Allspring UK receives a subadvisory fee for its asset allocation services at an annual rate of 0.10% of the Fund's average daily net assets and a fee for portfolio management services on the assets it co-manages with Allspring Investments at an annual rate starting at 0.15% and declining to 0.075%.

Administration fees

Under a class-level administration agreement, Allspring Funds Management provides class-level administrative services to the Fund, which includes paying fees and expenses for services provided by the transfer agent, sub-transfer agents, omnibus account servicers and record-keepers. As compensation for its services under the class-level administration agreement, Allspring Funds Management receives an annual fee which is calculated based on the average daily net assets of each class as follows:

	CLASS-LEVEL ADMINISTRATION FEE
Class R6	0.03%
Institutional Class	0.13

Waivers and/or expense reimbursements

Allspring Funds Management has contractually committed to waive and/or reimburse management and administration fees to the extent necessary to maintain certain net operating expense ratios for the Fund. When each class of the Fund has exceeded its expense cap, Allspring Funds Management will waive fees and/or reimburse expenses from fund-level expenses on a proportionate basis and then from class specific expenses. When only certain classes exceed their expense caps, waivers and/or reimbursements are applied against class specific expenses before fund-level expenses. Allspring Funds Management has contractually committed through October 31, 2024 to waive fees and/or reimburse expenses to the extent necessary to cap the Fund's expenses. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees. As of June 30, 2024, the contractual caps are as follows:

	EXPENSE RATIO CAPS
Class R6	0.62%
Institutional Class	0.72

Interfund transactions

The Fund may purchase or sell portfolio investment securities to certain affiliates pursuant to Rule 17a-7 under the 1940 Act and under procedures adopted by the Board of Trustees. The procedures have been designed to ensure that these interfund transactions, which do not incur broker commissions, are effected at current market prices. Pursuant to these procedures, the Fund did not have any interfund transactions during the year ended June 30, 2024.

6. INVESTMENT PORTFOLIO TRANSACTIONS

For the year June 30, 2024, the Fund did not have any purchases and sales of securities, excluding any short-term securities.

7. DERIVATIVE TRANSACTIONS

During the year ended June 30, 2024, in order to provide investors with exposure to sources of excess return (known as alternative risk premia), the Fund and the Subsidiary entered into both long and short positions in equities, fixed income, currencies and commodities directly or with derivatives. The derivative holdings included futures contracts, forward foreign currency contracts and swap contracts.

The volume of the Fund's derivative activity during the year ended June 30, 2024 was as follows:

Forward foreign currency contracts

Average contract amounts to buy	\$37,121,873
Average contract amounts to sell	52,606,855

Futures contracts

Average notional balance on long futures	\$29,397,783
Average notional balance on short futures	38,880,793

Swap contracts

Average notional balance	\$ 5,010,403
--------------------------	--------------

The total return swap transactions may contain provisions for early termination in the event the net assets of the Fund declines below specific levels identified by the counterparty. If these levels are triggered, the counterparty may terminate the transaction and seek payment or request full collateralization of the derivative transactions in net liability positions.

A summary of the location of derivative instruments on the financial statements by primary risk exposure is outlined in the following tables.

The fair value of derivative instruments as of June 30, 2024 by primary risk type on the Consolidated Statement of Assets and Liabilities was as follows for the Fund:

	INTEREST RATE RISK	COMMODITY RISK	EQUITY RISK	FOREIGN CURRENCY RISK	TOTAL
Asset derivatives					
Forward foreign currency contracts	\$ 0	\$ 0	\$ 0	\$867,184	\$ 867,184
Futures contracts	79,751*	2,027,650*	112,620*	0	2,220,021
Swap contracts	0	0	414,044	0	414,044
	\$ 79,751	\$2,027,650	\$526,664	\$867,184	\$3,501,249
Liability derivatives					
Forward foreign currency contracts	\$ 0	\$ 0	\$ 0	\$391,895	\$ 391,895
Futures contracts	408,740*	405,434*	8,230*	0	822,404
	\$408,740	\$ 405,434	\$ 8,230	\$391,895	\$1,214,299

* Amount represents the cumulative unrealized gains (losses) as reported in the table following the Consolidated Portfolio of Investments. For futures contracts, only the current day's variation margin as of June 30, 2024 is reported separately on the Consolidated Statement of Assets and Liabilities.

The effect of derivative instruments on the Consolidated Statement of Operations for the year ended June 30, 2024 was as follows:

	INTEREST RATE RISK	COMMODITY RISK	EQUITY RISK	FOREIGN CURRENCY RISK	TOTAL
Net realized gains (losses) on derivatives					
Forward foreign currency contracts	\$ 0	\$ 0	\$ 0	\$435,678	\$ 435,678
Futures contracts	(361,524)	(1,860,583)	131,273	0	(2,090,834)
Swap contracts	0	0	367,510	0	367,510
	\$(361,524)	\$(1,860,583)	\$498,783	\$435,678	\$(1,287,646)
Net change in unrealized gains (losses) on derivatives					
Forward foreign currency contracts	\$ 0	\$ 0	\$ 0	\$180,083	\$ 180,083
Futures contracts	(278,246)	1,441,450	11,504	0	1,174,708
Swap contracts	0	0	570,227	0	570,227
	\$(278,246)	\$ 1,441,450	\$581,731	\$180,083	\$ 1,925,018

For certain types of derivative transactions, the Fund and the Subsidiary have entered into International Swaps and Derivatives Association, Inc. master agreements ("ISDA Master Agreements") or similar agreements with approved counterparties. The ISDA Master Agreements or similar agreements may have requirements to deliver/deposit securities or cash to/with an exchange or broker-dealer as collateral and allows the Fund and the Subsidiary to offset, with each counterparty, certain derivative financial instrument's assets and/or liabilities with collateral held or pledged. Collateral requirements differ by type of derivative. Collateral or margin requirements are set by the broker or exchange clearinghouse for exchange traded derivatives while collateral terms are contract specific for over-the-counter traded derivatives. Cash collateral that has been pledged to cover obligations of the Fund and the Subsidiary under ISDA Master Agreements or similar agreements, if any, are reported separately in the Consolidated Statement of Assets and Liabilities. Securities pledged as collateral, if any, are noted in the Consolidated Portfolio of Investments. With respect to balance sheet offsetting, absent an event of default by the counterparty or a termination of the agreement, the reported amounts of financial assets and financial liabilities in the Consolidated Statement of Assets and Liabilities are not offset across transactions between the Fund and the applicable counterparty. A reconciliation of the gross amounts on the Consolidated Statement of Assets and Liabilities to the net amounts by counterparty, including any collateral exposure, for OTC derivatives is as follows:

COUNTERPARTY	GROSS AMOUNTS OF ASSETS IN THE CONSOLIDATED STATEMENT OF ASSETS AND LIABILITIES	AMOUNTS SUBJECT TO NETTING AGREEMENTS	COLLATERAL RECEIVED	NET AMOUNT OF ASSETS
Goldman Sachs International	\$1,281,228	\$(391,895)	\$0	\$889,333
COUNTERPARTY	GROSS AMOUNTS OF LIABILITIES IN THE CONSOLIDATED STATEMENT OF ASSETS AND LIABILITIES	AMOUNTS SUBJECT TO NETTING AGREEMENTS	COLLATERAL PLEGGED	NET AMOUNT OF LIABILITIES
Goldman Sachs International	\$391,895	\$(391,895)	\$0	\$0

8. BANK BORROWINGS

The Trust (excluding the money market funds), Allspring Master Trust and Allspring Variable Trust are parties to a \$350,000,000 revolving credit agreement whereby the Fund is permitted to use bank borrowings for temporary or emergency purposes, such as to fund shareholder redemption requests. Interest under the credit agreement is charged to the Fund based on a borrowing rate equal to the higher of the Federal Funds rate or the overnight bank funding rate in effect on that day plus a spread. In addition, an annual commitment fee based on the unused balance is allocated to each participating fund.

For the year ended June 30, 2024, there were no borrowings by the Fund under the agreement.

9. DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid were as follows:

	YEAR ENDED JUNE 30	
	2024	2023
Ordinary income	\$1,565,476	\$3,927,235
Long-term capital gain	0	1,443,432

As of June 30, 2024, the components of distributable earnings on a tax basis were as follows:

UNDISTRIBUTED ORDINARY INCOME	UNREALIZED LOSSES	CAPITAL LOSS CARRYFORWARD
\$3,803,653	\$(142,426)	\$(2,459,900)

10. INDEMNIFICATION

Under the Fund's organizational documents, the officers and Trustees have been granted certain indemnification rights against certain liabilities that may arise out of performance of their duties to the Fund. The Fund has entered into a separate agreement with each Trustee that converts indemnification rights currently existing under the Fund's organizational documents into contractual rights that cannot be changed in the future without the consent of the Trustee. Additionally, in the normal course of business, the Fund may enter into contracts with service providers that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated.

To the Shareholders of the Fund and Board of Trustees Allspring Funds Trust:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated statement of assets and liabilities of Allspring Alternative Risk Premia Fund and subsidiary (the Fund), one of the funds constituting Allspring Funds Trust, including the consolidated portfolio of investments, as of June 30, 2024, the related consolidated statement of operations for the year then ended, the consolidated statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the consolidated financial statements) and the consolidated financial highlights for each of the years in the five-year period then ended. In our opinion, the consolidated financial statements and consolidated financial highlights present fairly, in all material respects, the financial position of the Fund as of June 30, 2024, the results of its operations for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the consolidated financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These consolidated financial statements and consolidated financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these consolidated financial statements and consolidated financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements and consolidated financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements and consolidated financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements and consolidated financial highlights. Such procedures also included confirmation of securities owned as of June 30, 2024, by correspondence with the custodian, transfer agent and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements and consolidated financial highlights. We believe that our audits provide a reasonable basis for our opinion.

KPMG LLP

We have not been able to determine the specific year that we began serving as the auditor of one or more Allspring Funds investment companies; however, we are aware that we have served as the auditor of one or more Allspring Funds investment companies since at least 1955.

Boston, Massachusetts
August 23, 2024

Other information

Tax information

For the fiscal year ended June 30, 2024, \$555,737 has been designated as interest-related dividends for nonresident alien shareholders pursuant to Section 871 of the Internal Revenue Code.

For the fiscal year ended June 30, 2024, 73% of the ordinary income distributed was derived from interest on U.S. government securities.

Proxy voting information

A description of the policies and procedures used to determine how to vote proxies relating to portfolio securities is available without charge, upon request, by calling **1-866-259-3305**, visiting our website at **allspringglobal.com**, or visiting the SEC website at sec.gov. Information regarding how the proxies related to portfolio securities were voted during the most recent 12-month period ended June 30 is available on the website at **allspringglobal.com** or by visiting the SEC website at sec.gov.

Quarterly portfolio holdings information

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year as an exhibit to its reports on Form N-PORT. Shareholders may view the filed Form N-PORT by visiting the SEC website at sec.gov.

Item 8. Changes in and disagreements with accountants

Not applicable

Item 9. Matters submitted to fund shareholders for a vote

Not applicable

Item 10. Remuneration paid to directors, officers and others

Refer to information in the Statement of operations.

Item II. Statement regarding basis for the board’s approval of investment advisory contract

Board consideration of investment management and sub-advisory agreements:

Under the Investment Company Act of 1940 (the “1940 Act”), the Board of Trustees (the “Board”) of Allspring Funds Trust (the “Trust”) must determine annually whether to approve the continuation of the Trust’s investment management and sub-advisory agreements. In this regard, at a Board meeting held on May 28-30, 2024 (the “Meeting”), the Board, all the members of which have no direct or indirect interest in the investment management and sub-advisory agreements and are not “interested persons” of the Trust, as defined in the 1940 Act (the “Independent Trustees”), reviewed and approved for the Allspring Alternative Risk Premia Fund (the “Fund”): (i) an investment management agreement (the “Management Agreement”) with Allspring Funds Management, LLC (“Allspring Funds Management”); and (ii) investment sub-advisory agreements (the “Sub-Advisory Agreements”) with Allspring Global Investments, LLC and Allspring Global Investments (UK) Limited (together, the “Sub-Advisers”), each an affiliate of Allspring Funds Management. The Management Agreement and the Sub-Advisory Agreements are collectively referred to as the “Advisory Agreements.”

At the Meeting, the Board considered the factors and reached the conclusions described below relating to the selection of Allspring Funds Management and the Sub-Advisers and the approval of the Advisory Agreements. Prior to the Meeting, including at a meeting of the Board held in April 2024, and at the Meeting, the Trustees conferred extensively among themselves and with representatives of Allspring Funds Management about these matters. The Board has adopted a team-based approach, with each team consisting of a sub-set of Trustees, to assist the full Board in the discharge of its duties in reviewing investment performance and other matters throughout the year. The Independent Trustees were assisted in their evaluation of the Advisory Agreements by independent legal counsel, from whom they received separate legal advice and with whom they met separately.

In providing information to the Board, Allspring Funds Management and the Sub-Advisers were guided by a detailed set of requests for information submitted to them by independent legal counsel on behalf of the Independent Trustees at the start of the Board’s annual contract renewal process earlier in 2024. In considering and approving the Advisory Agreements, the Trustees considered the information they believed relevant, including but not limited to the information discussed below. The Board considered not only the specific information presented in connection with the Meeting, but also the knowledge gained over time through interactions with Allspring Funds Management and the Sub-Advisers about various topics. In this regard, the Board reviewed reports of Allspring Funds Management at each of its quarterly meetings, which included, among other things, portfolio reviews and investment performance reports. In addition, the Board and the teams mentioned above confer with portfolio managers at various times throughout the year. The Board did not identify any particular information or consideration that was all-important or controlling, and each individual Trustee may have attributed different weights to various factors.

After its deliberations, the Board unanimously determined that the compensation payable to Allspring Funds Management and the Sub-Advisers under each of the Advisory Agreements was reasonable, and approved the continuation of the Advisory Agreements for a one-year term. The Board considered the approval of the Advisory Agreements for the Fund as part of its consideration of agreements for funds across the complex, but its approvals were made on a fund-by-fund basis. The following summarizes a number of important, but not necessarily all, factors considered by the Board in support of its approvals.

Nature, extent, and quality of services

The Board received and considered various information regarding the nature, extent, and quality of services provided to the Fund by Allspring Funds Management and the Sub-Advisers under the Advisory Agreements. This information included a description of the investment advisory services and Fund-level administrative services covered by the Management Agreement, as well as, among other things, a summary of the background and experience of senior management of Allspring Global Investments, of which Allspring Funds Management and the Sub-Advisers are a part, and a summary of investments made in the Allspring Global Investments business.* The Board also received information about the services that continue to be provided by Wells Fargo & Co. and/or its affiliates (“Wells Fargo”) since the sale of Wells Fargo Asset Management to Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P., under a transition services agreement and an update on the anticipated timeline for exiting the transition services agreement. In addition, the Board received and considered information about the full range of services provided to the Fund by Allspring Funds Management and its affiliates.

The Board considered the qualifications, background, tenure, and responsibilities of each of the portfolio managers primarily responsible for the day-to-day portfolio management of the Fund. The Board evaluated the ability of Allspring Funds Management and the Sub-Advisers to attract and retain qualified investment professionals, including research, advisory, and supervisory personnel.

The Board further considered the compliance programs and compliance records of Allspring Funds Management and the Sub-Advisers. The Board received and considered information about Allspring Global Investments’ risk management functions, which included information about Allspring Funds

* The trade name for the asset management firm that includes Allspring Funds Management and the Sub-Adviser is “Allspring Global Investments.”

Management's and the Sub-Advisers' business continuity plans, their approaches to data privacy and cybersecurity, Allspring Funds Management's role as administrator of the Fund's liquidity risk management program, fair valuation designee, and derivatives risk management program manager. The Board also received and considered information about Allspring Funds Management's intermediary and vendor oversight program.

Fund investment performance and expenses

The Board considered the investment performance results for the Fund over various time periods ended December 31, 2023. The Board considered these results in comparison to the investment performance of funds in a universe that was determined by Broadridge Inc. ("Broadridge") to be similar to the Fund (the "Universe"), and in comparison to the Fund's benchmark index and to other comparative data. Broadridge is an independent provider of investment company data. The Board received a description of the methodology used by Broadridge to select the mutual funds in the performance Universe. The Board noted that the investment performance of the Fund (Institutional Class) was in range of the average investment performance of the Universe for the three-year period and lower than the average investment performance of the Universe for the one-year period under review. The Board also noted that the investment performance of the Fund was higher than the investment performance of its benchmark index, the ICE BofA 3-Month U.S. Treasury Bill Index, for the three-year period and lower than the investment performance of its benchmark index for the one-year period under review.

The Board received information concerning, and discussed factors contributing to, the underperformance of the Fund relative to the Universe and benchmark for the one-year period. The Board took note of the explanations for the relative underperformance during the period, including with respect to the investment decisions and market factors that affected the Fund's investment performance.

The Board also received and considered information regarding the Fund's net operating expense ratios and their various components, including actual management fees, custodian and other non-management fees, and Rule 12b-1 and non-Rule 12b-1 shareholder service fees. The Board considered these ratios in comparison to the median ratios of funds in class-specific expense groups that were determined by Broadridge to be similar to the Fund (the "Groups"). The Board received a description of the methodology used by Broadridge to select the mutual funds in the expense Groups and an explanation of how funds comprising expense Groups and their expense ratios may vary from year-to-year. Based on the Broadridge reports, the Board noted that the net operating expense ratios of the Fund were lower than the median net operating expense ratios of the expense Groups for each share class.

The Board took into account the Fund's investment performance and expense information provided to it among the factors considered in deciding to re-approve the Advisory Agreements.

Investment management and sub-advisory fee rates

The Board reviewed and considered the contractual fee rates payable by the Fund to Allspring Funds Management under the Management Agreement, as well as the contractual fee rates payable by the Fund to Allspring Funds Management for class-level administrative services under a Class-Level Administration Agreement, which include, among other things, class-level transfer agency and sub-transfer agency costs (collectively, the "Management Rates"). The Board also reviewed and considered the contractual investment sub-advisory fee rates payable by Allspring Funds Management to the Sub-Advisers for investment sub-advisory services. It was noted that advisory fee waivers, if any, are at the fund level and not class level.

Among other information reviewed by the Board was a comparison of the Fund's Management Rates with the average contractual investment management fee rates of funds in the expense Groups at a common asset level as well as transfer agency costs of the funds in the expense Groups. The Board noted that the Management Rates of the Fund were lower than the sum of these average rates for the Fund's expense Groups for each share class.

The Board also received and considered information about the portion of the total management fee that was retained by Allspring Funds Management after payment of the fee to the Sub-Advisers for sub-advisory services. In assessing the reasonableness of this amount, the Board received and evaluated information about the nature and extent of responsibilities retained and risks assumed by Allspring Funds Management and not delegated to or assumed by the Sub-Advisers, and about Allspring Funds Management's on-going oversight services. Given the affiliation between Allspring Funds Management and the Sub-Advisers, the Board ascribed limited relevance to the allocation of fees between them.

The Board also received and considered information about the nature and extent of services offered and fee rates charged by Allspring Funds Management and the Sub-Advisers to other types of clients with investment strategies similar to those of the Fund. In this regard, the Board received information about the significantly greater scope of services, and compliance, reporting and other legal and regulatory obligations and risks of managing proprietary mutual funds compared with those associated with managing assets of other types of clients, including third-party sub-advised fund clients and non-mutual fund clients such as institutional separate accounts.

Based on its consideration of the factors and information it deemed relevant, including those described here, the Board determined that the compensation payable to Allspring Funds Management under the Management Agreement and to the Sub-Advisers under the Sub-Advisory Agreements was reasonable.

Profitability

The Board received and considered information concerning the profitability of Allspring Funds Management, as well as the profitability of Allspring Global Investments, from providing services to the fund complex as a whole. The Board noted that the Sub-Advisers' profitability information with respect to providing services to the Fund and other funds in the complex was subsumed in the Allspring Global Investments profitability analysis.

Allspring Funds Management reported on the methodologies and estimates used in calculating profitability, including a description of the methodology used to allocate certain expenses. Among other things, the Board noted that the levels of profitability reported on a fund-by-fund basis varied widely, depending on factors such as the size, type, and age of fund.

Based on its review, the Board did not deem the profits reported by Allspring Funds Management or Allspring Global Investments from services provided to the Fund to be at a level that would prevent it from approving the continuation of the Advisory Agreements.

Economies of scale

The Board received and considered information about the potential for Allspring Funds Management to experience economies of scale in the provision of management services to the Fund, the difficulties of isolating and quantifying economies of scale at an individual fund level, and the extent to which potential scale benefits are shared with Fund shareholders. The Board noted the existence of breakpoints in the Fund's management fee structure, which operate generally to reduce the Fund's expense ratios as the Fund grows in size, and the size of the Fund in relation to such breakpoints. The Board considered that in addition to management fee breakpoints, Allspring Funds Management shares potential economies of scale from its management business in a variety of ways, including through fee waiver and expense reimbursement arrangements, competitive management fee rates set at the outset without regard to breakpoints, and investments in the business intended to enhance services available to shareholders.

The Board concluded that Allspring Funds Management's arrangements with respect to the Fund, including contractual breakpoints, constituted a reasonable approach to sharing potential economies of scale with the Fund and its shareholders.

Other benefits to Allspring Funds Management and the Sub-Advisers

The Board received and considered information regarding potential "fall-out" or ancillary benefits received by Allspring Funds Management and its affiliates, including the Sub-Advisers, as a result of their relationships with the Fund. Ancillary benefits could include, among others, benefits directly attributable to other relationships with the Fund and benefits potentially derived from an increase in Allspring Funds Management's and the Sub-Advisers' business as a result of their relationships with the Fund. The Board noted that Allspring Funds Distributor, LLC, an affiliate of Allspring Funds Management, receives distribution-related fees in respect of shares sold or held through it. The Board also reviewed information about soft dollar credits earned and utilized by the Sub-Advisers.

Based on its consideration of the factors and information it deemed relevant, including those described here, the Board did not find that any ancillary benefits received by Allspring Funds Management and its affiliates, including the Sub-Advisers, were unreasonable.

Conclusion

At the Meeting, after considering the above-described factors and based on its deliberations and its evaluation of the information described above, the Board unanimously determined that the compensation payable to Allspring Funds Management and the Sub-Advisers under each of the Advisory Agreements was reasonable, and approved the continuation of the Advisory Agreements for a one-year term.
