Short-Term Municipal Bond Fund

Class A WSMAX

This annual shareholder report contains important information about Short-Term Municipal Bond Fund for the period of July 1, 2023 to June 30, 2024. You can find additional information about the Fund at all springglobal.com. You can also request this information by contacting us at 1-800-222-8222.

What were the Fund costs for the past year?

The table explains the costs you would have paid within the reporting period based on a hypothetical \$10,000 investment.

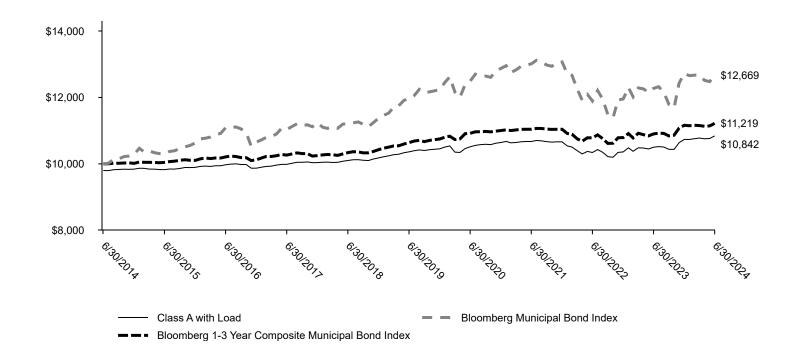

| Class A | \$64 | 0.63% |
|--------------|--------------------|---------------------------------|
| CLASS NAIVIE | INVESTMENT | INVESTMENT |
| CLASS NAME | COST OF A \$10,000 | COSTS PAID AS A % OF A \$10,000 |

The manager has contractually committed to waive fees and/or reimburse certain expenses to the extent necessary to cap the Fund's total annual fund operating expense ratio at a specific amount. Without this cap, the costs shown above may have been higher. Please see the prospectus for the amount and the expiration date of the cap. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees.

How did the Fund perform last year and what affected its performance?

Fixed income markets remained volatile throughout the period as investors questioned the path of interest rate movements and the U.S. Federal Reserve continued to battle persistent inflationary pressures. The main drivers of performance were positive credit quality allocation, duration/yield curve positioning, and security selection versus the performance benchmark, Bloomberg 1-3 Year Composite Municipal Bond Index. There were no significant detractors from the Fund's relative performance during the period. We believe a continued focus on active exposures should benefit the portfolio, as we expect to enter a 12-month period of falling interest rates.

Total return based on a \$10,000 investment

AVERAGE ANNUAL TOTAL RETURNS (%)

| | 1 Year | 5 Years | 10 Years |
|--------------------------------|--------|---------|----------|
| Class A | 3.24 | 0.91 | 1.02 |
